

Let's protect our watersheds

Many unique species depend on our creeks and the Bay

Steelhead Trout

San Francisco Garter Snake

Salt Marsh Harvest Mouse

California Tiger Salamander

Red-Legged Frog

San Francisco Creek

Matadero Creek

Ridgway's Rail

Sanford's Arrowhead

SCRL
Stanford

Some things you can do:

- ☠ Properly dispose hazardous waste: hhw.org, lbre.stanford.edu/pssistanford-recycling
- ☔ Install a rain barrel and get a rebate: suwater.stanford.edu/rebates
- 🌸 Reduce pesticide/fertilizer use and practice Bay-Friendly gardening: southbaygreengardens.org/integrated-pest-management

- 🌍 Volunteer with the Stanford Conservation Program to restore the habitat: conservation.stanford.edu
- 🌲 Find the watershed you live in: explore.museumca.org/creeks
- 📄 Learn more about watershed protection at Stanford: suwater.stanford.edu/watershed-protection
